Notes:

The following rules should be applied with common sense.

1. Attackers/Defenders in the Goalkeeper safety zone should only be penalised if they are playing or attempting to play the ball or if their presence impedes the goalkeeper. Other accidental incursions should receive a reminder that they must stay out of the safety zone.
1. There is no larger penalty area than the goalkeeper safety zone for the goalkeeper to handle the ball in including kicking after picking it up. Unless by picking up the ball the goalkeeper clearing prevents a possible goal scoring opportunity the goalkeeper should not be penalised but reminded that (s)he can only handle the ball in the safety zone.
